## **ACCEPTING OUR PROPOSAL**

If you are happy with our proposal and would like us to proceed with scheduling your installation the following items are required:

- 1.) A signed copy approving and accepting our written proposal.
- 2.) A 10% deposit.
- 3.) A signed copy of the sprinkler system waiver.

After we receive all of these items we will move forward in scheduling your installation and, if needed, placing the order for materials to complete your job.

## **SCHEDULING**

We will give you an estimated install date of the week we plan to install your fence at the time you accept our proposal. We will call you a few days before the installation to confirm a specific date. That date of installation depends on several major factors:

- 1.) The weather and how it has affected our current schedule.
- 2.) The availability of the type of material needed to complete your job.
- 3.) Our current schedule.

We will do everything possible to have your installation completed in a timely manner. If it is not possible for us to keep the estimated install date we will contact you at least 24 hours in advance. We appreciate your patience and understanding on this issue.

## **PAYMENT**

We expect full payment due at the completion of your installation. If you have any concerns or you are not 100% satisfied with your fence product or installation please address them immediately with our office at 813-654-0363 so we can resolve the matter as quickly as possible.

We accept cash, checks and MasterCard and Visa.

## **FINANCING**

We are proud to offer financing through GE Money! The program is available for residential projects only with a minimum purchase of \$1000. Once the application is completely filled out it takes only 5-15 minutes for GE Money to make a phone decision. If you are approved you will receive a welcome letter in approximately 5-7 business days. If you are not approved you will receive notification of the reason via mail within 14 days. GE Money does not disclose reasons of non-approval with Advanced Fencing.

## **CUSTOMER BENEFITS**

- ◆ No annual fee
- ◆ Low minimum monthly payments
- ◆ Credit lines of up to \$25,000
- ◆ No prepayment penalties
- ◆ Open line of credit
- ◆ Keeps other lines of credit open

## Sprinkler System Waiver

Advanced Fencing is not responsible for any damages to underground sprinkler lines or any underground obstructions as stated in the "Terms" section, #5, of the Advanced Fencing Installation Contract. By law, Sunshine State One Call of Florida is called to locate your underground utilities, such as, electric, phone and cable lines. They do not locate sprinkler systems. Therefore, there is no way for Advanced Fencing to know exactly where your sprinkler lines run on your property. Advanced Fencing will do everything possible to avoid damaging them during the fence installation process. However, if they are damaged we will notify the owner immediately so the owner may make arrangements for the repairs needed. Advanced Fencing will not be responsible for any repairs or for any charges incurred for repairs.

Advanced Fencing is not responsible for the placement of your sprinkler heads once the fence is installed. Advanced fencing installs the fence on or approximately 1-3 inches inside your property line. Placement of the fence is determined by 1.) A survey provided by owner 2.) Permanent survey markers located on the property 3.) The property owner. If after the fence installation, your sprinkler heads are located outside of the fence, Advanced Fencing is not responsible for moving or any fees incurred for moving the sprinkler heads inside the fence and is not responsible for moving the fence or any fees incurred for moving the fence so that the sprinkler heads are inside the fence.

I have read the information above and know that I am solely responsible for my sprinkler system if damaged during the fence installation or if placement of sprinkler heads are outside of fence after installation.
